## Cabled V-Neck Pullover

Although we make every effort to prevent errors from being published, we regret that they do occur and apologize for any inconvenience this may cause. The instructions for Neck Shaping on the front of this pattern have been revised. Please note the new instructions below. Also note, there may be more than one revision to a pattern.

### To Shape Front Neck:

**Next Row:** (right side) Front needle - work in pattern to 2 sts before M, sl 1, k1, pss0, sl M, work ribbing to end - 52(56, 60, 65) sts.

Back needle - work ribbing over first 17 sts, sl M, k2tog, continue in pattern to end - 52(56, 60, 65) sts. Now continue working both sides at the same time and keeping pattern correct, dec one st at each marker as before, on every **2nd row (right side) following 9 times**, then on every 4th row until piece measures 17" [43 cm] from cast on edge, ending after a wrong side row.

Place sts from Back needle onto Front needle at this point and continue to work both sides at the same time.

We apologize for any inconvenience.
